iPads coming to all Taylor County students

860 iPads being purchased at a cost of \$500,000, Cook wants technology available to all students

CALEN MCKINNEY
reporter@cknj.com

Taylor County School District has taken a step toward having iPads for all of its students.

Taylor County School Board members have agreed to purchase 860 iPads for \$500,000. The purchase will provide the Apple technology for about a third of the District's students.

At last Tuesday's regular Board meeting, Superintendent Roger Cook asked members to approve the purchase.

For the District to be able to provide an iPad for each of its students, which is the ultimate goal, Cook said it would have to spend about \$1 million more.

Board member Jim Cheatham made a motion to purchase the iPads, which David Hall seconded and was unanimously approved. All Board members attended the meeting.

After the meeting, Cook said the District hasn't received state funding to buy textbooks for the past eight years. As such, he said, the District's books are

Police investigating two recent deaths

Woman's death ruled a drug overdose, baby's cause of death still unknown

CALEN MCKINNEY
reporter@cknj.com

Police are still investigating the death of a 3-month-old, and have ruled that a Campbellsville woman's death last month was an accidental overdose.

According to a Campbellsville Police news release, Campbellsville/Taylor County EMS personnel responded to an emergency call on July 20 that a 3-month-old boy was unrespon-

sive at a home on Mill Street. The infant was treated at Taylor Regional Hospital and later transported to Kosair Children's Hospital in Louisville, where he was pronounced dead.

An autopsy was performed a few days later at the state medical examiner's office in Louisville.

Campbellsville Police Chief Tim Hazlette said some more extensive tests are being con-

Dooley to step down from E-911 position Aug. 31

Reception for Dooley, fire chief A.J. Johnson set for Aug. 28

CALEN MCKINNEY
reporter@cknj.com

Roonie Dooley wears a lot of hats. And he is now taking one off.

Dooley, assistant supervisor at the Campbellsville/Taylor County E-911 Center, will retire from his position at the end of the month after nearly 40 years on the job.

In addition to the E-911 post, Dooley serves as a chaplain for Taylor County Sheriff's Office, Campbellsville Police Department and Campbellsville Fire & Rescue. He is also the public information coordinator for Taylor County Emergency Management. He will keep those posts.

In an email to several community members last Thursday, Dooley wrote, "After 34 years of taking emergency calls and handling emergency situations, I feel like the Lord is leading me in another direction. Just not sure what it is yet."

On Friday, Dooley said he has been considering retirement for about a year. He said some staff changes will soon take place at E-911 and he believes this time is the right to step aside.

"I really feel like the Lord is leading me in this direction," he said. "I think of this as the Lord helping me to move on."

Dooley said he started working at the E-911 center on Aug. 1, 1974. He says the center was his first - and only - full-time job after graduating from high school.

"I enjoy helping people," he said. Dooley, known in the community as "The Voice of Taylor County," said he is

at peace with his decision to retire and has enjoyed his job.

Dooley's voice has been heard by Taylor Countians while announcing severe weather, at homes through the severe weather alert system and through Comcast Cable.

His last official day on the job is Friday, Aug. 31. He last worked, however, on Thursday, July 26, and is currently on vacation.

Dooley said he isn't sure yet what he will do in his retirement.

Campbellsville Mayor Tony Young said Dooley cares for the Taylor County community and puts his heart and soul into his work.

"I can't say enough about Ronnie Dooley and how much he's helped not just the city but the whole community," Young said. "We hate to lose him. It's gonna be a big

hole we have to fill." Young said there are vacancies at the E-911 center and interviews have already been conducted to fill those and Dooley's positions.

The center was in need of another employee, Young said, and one left to join Campbellsville/Taylor County EMS and another to become an EMT at another location. In all, Young said, four new people will soon come on board at the center.

A story about Dooley's experiences at the E-911 center will be published in the Thursday, Aug. 30, issue.

State to use new driver's license security features

New license transition begins this month

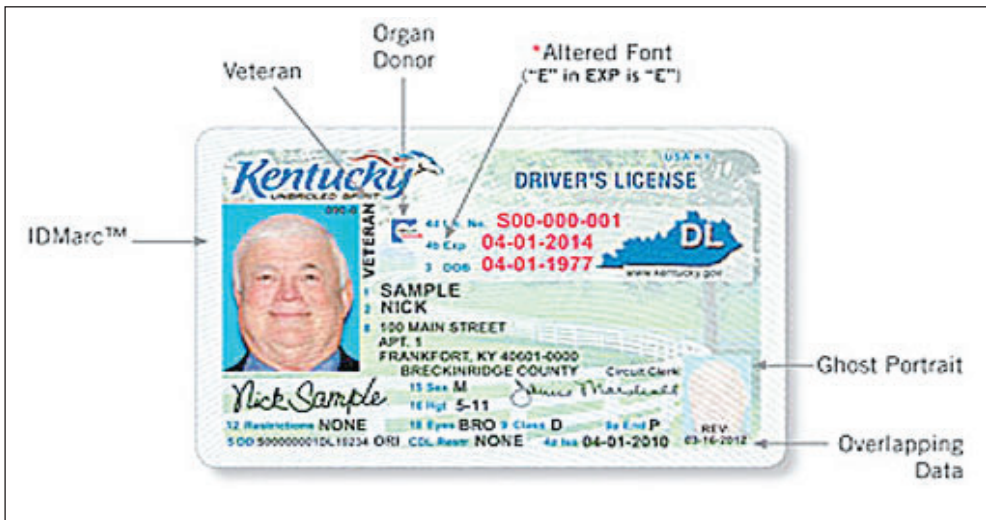

In August Kentucky begins a transition to a new driver's license that, while similar in appearance to current licenses, contains security features for greater protection of privacy and resistance to tampering.

"The new licenses are the manifestation of Kentucky's efforts to improve the level of service provided to our customers, in addition to securing a credential Kentuckyans use each day," Kentucky Transportation Cabinet Department of Vehicle Regulation Commissioner Tom Zawacki said.

"It was already time to replace the cameras and computer equipment — most of it is more than 10 years old — that our circuit court clerks use in issuing driver's licenses," Zawacki said. "That made it an ideal time to also make this transition to a new license." The new license has multiple layers of security features, all linked to each other, so counterfeiters must compromise multiple technologies — not just one.

The new features include:

- Digital watermark imperceptible to the human eye

- Bank note-level fine line printing
- Improved dual-side lamination for greater tamper resistance and durability
- Hologram with single-color, ultraviolet "ghost" image

Kentucky last updated driver's licenses in 2001, with the introduction of digital licenses. The new format offered improved security. Kentucky was the first state to put the driver's image in the bar code on the back of the license. With the next stage of Kentucky's driver's license, those security measures will be tight-

ened to provide even greater resistance to fraud.

Installation of new cameras and computer equipment will require a one-day suspension of driver's license processing at each circuit court clerk's office.

Installations are scheduled to begin in August and be completed by October.

Starting in the fall, new licenses will also feature veteran and organ donor designations.

Customers are not required to obtain new licenses until their current licenses expire. The

process for obtaining or renewing a driver license will not change. The cost of \$20 will also remain the same. More information and answers to some frequently asked questions can be found on KYTC's website at transportation.ky.gov/pages/digital-drivers-license.aspx.

MorphoTrust USA, which provides driver's license issuance solutions for 41 states and the District of Columbia, is partnering with the state to implement the new work stations and camera systems, including new security features in the driver's license.

Local officers honored for service

CRP Participants May Request Authorization to Conduct Emergency Haying or Grazing of CRP Acres

The USDA Farm Service Agency (FSA) announces the opportunity for Conservation Reserve Program (CRP) participants to request authorization to conduct emergency haying or grazing on specific CRP acres. Eligible producers who are interested in applying for approval to conduct Emergency Haying or Grazing of CRP land located in Kentucky must request and obtain individual written approval from FSA before any haying or grazing starts. Participants will be assessed a 10 percent payment reduction on their annual rental payment for the acres actually hayed or grazed.

Interested CRP participants are required to submit a request to FSA and obtain a modified conservation plan to hay and/or graze under emergency provisions. The same acres may not be hayed and grazed under the same emergency designation. Emergency haying or grazing is not allowed within 120 feet of any stream or water body. Specified portions of each field or contiguous fields must be left or grazed with limited stock for wildlife purposes.

Emergency haying or grazing is restricted to specific practices that are 12 months past being determined as fully established by the agency. Participants shall not start any haying or grazing activity until individual written approval is received for the CRP contract request. Approved haying authorization will end not later than August 31st. Approved grazing authorization will end not later than September 30th.

To take advantage of the emergency haying and grazing provisions, approved participants can use the CRP acreage for their own livestock or may grant another livestock producer use of the CRP acreage for the purpose of haying or grazing. For more information and to request approval for emergency haying or grazing of CRP acres, contact the local FSA Service Center that administers the CRP contract.

Opportunity for Continuous CRP Enrollment of Highly Erodible Cropland

The USDA Farm Service Agency (FSA) announced that continuous sign-up for the Highly Erodible Land (HEL) Initiative under the Conservation Reserve Program (CRP) started on July 23, 2012. Kentucky received a total allocation of 39,400 acres to enroll in the HELI CRP program. Offers will be accepted until either the state acreage allocation limit is reached or September 30, 2012 whichever occurs first.

This initiative will accept offers with an erosion rate of at least 20 tons per acre per year for new cropland or CRP acres that expire on September 30, 2012; however, existing grass stands that are not considered expiring CRP will not be considered eligible for enrollment. Eligible cropland must also have a history of being cropped 4 out of 6 years, 2002 through 2007. Eligible CRP contracts set to expire on September 30, 2012, may be offered for consideration and approved contracts will become effective October 1, 2012. The contract duration is also 10 years.

For more information, please contact your local FSA Office or visit <http://www.fsa.usda.gov/crp>.

COURT BRIEF

Campbellsville Police capture fugitive

Campbellsville Police officers captured a fugitive last Wednesday after they allegedly saw a man driving erratically.

According to a Campbellsville Police news release, at 10:52 p.m., Campbellsville Police Officer Ryan Jewell arrested Tirrell T. Barbour of 310 Candace St. in Campbellsville after allegedly observing seeing him drive erratically and recklessly.

Jewell first observed Barbour driving a white 1983 Buick on South Central Avenue. He then turned onto Kerr Street and proceeded to South Carden Street in a reckless manner, the release states.

Jewell activated his emergency lights as Barbour sped away toward Eggers Street where he abandoned the vehicle and fled on foot. A search of the area found Barbour on Anna Court where he was taken into custody without incident.

Barbour was lodged at the Taylor County Detention Center and charged with careless driving, having no operator's license, failure to provide proof of insurance and fleeing or evading police.

Further inquiry and investigation found that Barbour was wanted in Jefferson County for second-degree escape.

Public Hearing

In accordance with the provisions of HB 44 enacted by the 1979 Kentucky General Assembly a public hearing has been set by the Taylor County Public Library Board of Trustees for Monday, August 27th, 2012 at 9:15 a.m. at the Taylor County Public Library. The purpose of the hearing is to inform the public that the Taylor County Public Library District is proposing the 5.5 cent tax rate with anticipated revenue of \$542,407.00. This tax rate reflects a 4% increase in anticipated revenue. The tax rate for the preceding year was 4.9 cents with anticipated revenue of \$479,581.00.

The compensating rate is 5.3 cents with anticipated revenue of \$522,683.00. The expected revenue from personal property is \$138,098. Increase for the 2012 budget year is needed due to the rising cost of books, library materials, technology, and equipment.

The Kentucky General Assembly has required publication of this advertisement and the information contained herein.

NOTICE OF HEARING

TAYLOR COUNTY BOARD OF EDUCATION

The Taylor County Board of Education will hold a public hearing in the Taylor County Board of Education office on August 27, 2012 at 6:30 p.m. to hear public comments regarding a proposed general fund tax levy of 45.8 cents on real property and 45.8 cents on personal property.

The general fund tax levied in fiscal year 2012 was 44.3 cents on real property and 44.3 cents on personal property and produced revenue of \$3,312,899. The proposed general Fund tax rate of 45.8 cents on real property and 45.8 cents on personal property is expected to produce \$3,473,414. Of this amount \$334,904 is from new and personal property. The compensating tax for 2013 is 44.1 cents on real property and 44.1 cents on personal property and is expected to produce \$3,344,488.

The general areas to which revenue of \$160,515 above 2012 revenue is to be allocated as follows: cost of collections, \$658; building fund, \$11,344; instruction, \$100,000; transportation, \$25,000; and maintenance of plant, \$23,513.

The General Assembly has required publication of this advertisement and information contained herein.

Alex Gupton (25) gets to the outside for some of his 153 yards in Taylor County's 42-12 season-opening romp over McCreary Central at home on Friday night.

Cards smash McCreary

Taylor County rushes for 455 yards, completes both pass attempts

DAVID CHEWNING
Football Correspondent

Taylor County opened the 2012 campaign with a convincing 42-12 victory over the visiting McCreary Central Raiders on Friday.

The Cardinals tallied three scores in the opening half while shutting out the Raiders, allowing only 18 yards total offense.

The defense was led by senior Jared Peake and sophomore Brandon Williams as they applied pressure the entire contest. Daulton Turpin had three pass break-ups to thwart any big play possibilities by McCreary Central in the first half.

Junior fullback Dylan

Bright got the scoring started with an eight-yard run in the first period.

After stalling on their second drive, quarterback Hunter Christie went off tackle for a 19-yard touchdown run, capping a solid seven-play drive. Turpin followed on the next possession, adding a 39-yard score as well.

Despite not scoring a touchdown, senior Alex Gupton led all rushers with 153 yards.

Taylor County was plagued by turnovers, losing three fumbles, two of which stopped late first half drives.

McCreary Central controlled the third quarter scoring on a Noah Duncan 86-yard pass reception and an Arlis Dople 73-yard fumble return to get back in the contest at 21-12. Dople broke up an intended quick-pitch play as he stunted from his secondary position to create the

turnover and take it in.

Gupton and Bright led a consistent ground attack that saw the Cardinals amass 455 yards. Bright added a fourth-quarter, 15-yard scoring run and Christie connected with Logan Perry for 57 yards to push the Cardinal lead to 35-12 before Garrett Haggerty finished the scoring on a 22-yard run late in the contest.

Russell rolls over Eagles

Campbellsville allows early touchdown in each half in fourth Forcht Bank Bowl

BOBBY BROCKMAN
sports@cknj.com

Campbellsville's Dale Estes knew his season opener as Eagles' head coach would be a toughie and Russell County posted a 51-0 shellacking in the opening game of the fourth annual Forcht Bank Bowl at Campbellsville University on Friday.

"They're just better than us," Estes admitted. "They dominated us up front. They're much stronger."

"They started nine seniors and that made a huge difference."

Russell County, which lost only two of nine games in 2011 by a total of seven points, needed only 17 seconds to score when Nick Britt went around left end from 65 yards out on the second play from scrimmage.

Britt, who was named the Offensive Player of the Game, carried the pigskin only nine times, but had 197 yards and two more scores.

The only flaw in the Lakers' arsenal came when stellar kicker Lucas Williams missed the first extra-point try.

Williams bounced back quickly with a 27-yard

field goal and Russell County added another first-quarter tally — a 72-yard run by Britt — and three second-period touchdowns to lead 37-0 at intermission.

The Lakers also needed only 17 seconds to tally in the third frame when Mason Short picked off a pass and went virtually untouched into pay dirt.

Short, who had nine tackles and the fumble recovery for the score, was the Defensive Player of the Game.

After Russell County scored again with 5:49 left in the third, the continuous-running clock began.

The Eagles, who did match the Lakers in first downs with 11, marched to the Russell County one-yard line on Hayden Webb's 12-yard run starting the fourth quarter.

However, a bobbled snap and lost fumble thwarted the CHS scoring chance.

"Our kids kept playing hard and didn't quit," Estes concluded. "I'm proud of them for that."

LaRue County bested Adair County 47-7 in the nightcap with two more games scheduled on Saturday to conclude the Forcht Bank Bowl set-up.

Freshman Kendon Young (1), above, had four catches for Campbellsville in the Eagles' season-opening loss to Russell County while Hayden Webb (33), at left, teamed up with fellow sophomore Eric Lamer to gain 82 rushing yards. Campbellsville visits North Laurel on Saturday (8:00) in the Cumberland Bank Bowl in London before hosting cross-town rival Taylor County at Campbellsville University's Ron Finley Stadium on Friday, Aug. 31.

Phelps' dominance stirs up all-time greatest talk

Michael Phelps' fabulous showing at the 2012 Olympics put this old thinker to work on who were, are or might be the greatest athletes in all of the sports.

Since we're talking of Phelps, let's start with swimming. How could anyone match Phelps' 22 medals in 24 events at four Olympics? (He only swam the 200 butterfly in 2000 and did not medal.)

His 18 golds (six in 2004, eight in 2008 and four in 2012) plus two silvers (in 2012) and two bronzes (in 2004) are marks that probably won't be broken in our lifetime.

But, I said the same thing when Mark Spitz captured seven gold medals in 1972. Spitz finished with nine golds and 11 total medals.

In women's swimming, "Madam Butterfly", Mary T. Meagher, has Kentuckians' hearts with her dominance in the 100- and 200-meter butterfly.

However, the 1980 U.S. boycott of the Olympics, when Meagher was 15, cost her a chance to earn more than the three gold medals she achieved at the 1984 games and the bronze she got in 1988.

But, the greatest United States women's swimmer ever is probably Tracy Caulkins, who at one time held world records in all four individual strokes plus the individual medley.

Carl Lewis probably doesn't want to

BOBBY BROCKMAN
is sports editor. He can be reached at 465-8111 Ext. 225 or at sports@cknj.com

hear this, but Usain Bolt of Jamaica is probably the greatest male sprinter of all time.

Winning back-to-back 100- and 200-meter gold medals and also anchoring the 4x100-meter relay squad to another world record puts the 6-5 Bolt above all sprinters.

Bruce Jenner, before the reality show, deserves special mention as a great all-around athlete with his performance in the decathlon at the 1976 Olympics.

Jackie Joyner-Kersey probably lays acclaim as the greatest women's trackster with her six medals (three gold, a silver and two bronze) over three Olympics.

Men's tennis seems to go in cycles with Rod Laver, Jimmy Connors, John McEnroe, Bjorn Borg, Andre Agassi, Pete Sampras and Ivan Lendl all having their day at the top.

Lendl probably is No. 1, but the best two may still be currently playing in Roger Federer and Rafael Nadal.

In women's tennis, Martina Navratilova

still ranks near the top just ahead of Steffi Graf and Chris Evert with the Williams' sisters (Serena and Venus) still having some ground to make up.

I know Jack Nicklaus won 18 major golf tournaments and Arnold Palmer was great, but no stretch can be matched with what Tiger Woods did in men's golf and Annika Sorenstam is in a class by herself in women's golf.

This column has been a prejudiced one, so Babe Ruth still stands in this one's mind as the greatest baseball player of all time. Check his statistics when you've got an hour or two. Who else could hit 714 home runs and also be the winning pitcher in 94 games with a 2.28 earned run average? Hank Aaron, Pete Rose, Ty Cobb, Nolan Ryan, Cy Young and Walter Johnson were great ones and Barry Bonds had enough statistics to be in the Hall of Fame before any subsequent steroid use.

Michael Jordan's NBA championships rank him near the top in men's basketball, but one could not go wrong with Wilt Chamberlain, Bill Russell, Kareem Abdul-Jabbar, Jerry West, Elgin Baylor and Oscar Robertson. That is before LeBron James, Kobe Bryant and Kevin Durant notch more championship titles to their belts. (Also, another tidbit, Bill Walton was the greatest men's collegiate basketball player.)

In women's basketball, Cheryl Miller

did it in college and in the WNBA just to edge the likes of Rebecca Lobo, Chamique Holdscaw, Candace Parker and Diana Taurasi as the top female hoopster.

Jim Brown is still the best running back I've ever seen, although Gale Sayers and Walter Payton were game-changers and Joe Montana, Jerry Rice, Johnny Unitas and Bart Starr didn't have to take a back seat to anyone.

Wayne Gretzky has surpassed the greatness of the Bobby Orr, Stan Mikita and Bobby Hull phase as the top hockey performer.

David Beckham may get the press nowadays, but Pele' (Edson Arantes do Nascimento) is still probably the best men's soccer performer of all time.

The best women's soccer player is Mia Hamm, but it was Brandi Chastain who removed her shirt when the Americans won the 1999 World Cup over China.

Richard Petty, despite not going against today's competition, won 200 NASCAR races, but has there ever been a better driver than Dale Earnhardt Sr.? However, Jimmie Johnson is getting closer and closer to that distinction.

The southpaw Earl Anthony, dominant in the 1980s, wears the top bowler of all-time cap although Chris Barnes could reach the plateau. And, yes, Olga Korbut is the best gymnast ever.

Now, who all has been left out?

iPads: Coming to all Taylor County students

CONTINUED FROM FRONT

cations and any number of books.

"That's only a third of what we need," he said. "It's a start."

Cook said the District will use money from a combination of sources to purchase the iPads, most of which will come from its general fund. He said some technology funding will be used and the District will pursue some grants.

"Yes, we can afford it," he said. "Actually, we cannot afford to [not] do it. We must help our students become 21st century ready so they can compete in a global market."

Cook said the iPads will be used first at TCHS, with its technology funneling down to Taylor County Middle School and Taylor County Elementary School.

There are about 900 students at TCHS. Cook said the school has already purchased about 100 iPads. With the addition of 860, Cook said, all TCHS students should have access to an iPad.

And the District is working on a program that would allow students to take an iPad home with them, with their parents paying a state contract price of \$200 to lease one for the school year.

Cook said teaching with technology today has become common.

"It's the creative, innovative way to teach," he said. "We're really excited."

Cook said teachers who will prove that they will use iPads every day will be given them. Teachers not planning on using them everyday won't receive them.

He said all students, however, will have access to technology.

"We're not gonna deny any child access to the technology they need to learn."

The iPads will be delivered in about a month, he said. As they become outdated, they will either be sold back to Apple or parceled out to other schools. The opportunity to purchase

them. Cook said this plan hasn't been finalized.

Cook said the District hopes that all of its students will use technology at school, either by bringing their own devices, which they can do now, or by using the school's. Those students who bring their own technological devices to school won't receive an iPad from the District.

Cook said the iPads will be used to access textbooks, gather information via the Internet and learn from many educational applications, many of which are free.

He says students seem to love using technology in the classroom. "Students love being challenged and don't like to be lectured to all the time. Students are used to using technology and love it," he said.

Cook said students seem to love using electronic books. As such, he said, the District has more than doubled its e-book check out and reading statistics.

"I am excited that this technology is going to put us one step closer to our ultimate goal of becoming student individualized instruction 100 percent," he said. "In our performance based model, students need to be able to learn at their pace, not the pace of the teacher."

TCHS Principal Charles Higdon Jr. said he is ecstatic that the Board decided to purchase the iPads and believes students will be, too. He said information will be given to students, parents and staff members soon.

"I am confident our students will be extremely motivated and appreciative of the enormous investment toward their futures."

Also at the Meeting:

- Board members agreed to give \$5,000 to the District's e-library to purchase electronic books.

- Board members heard an Apple computer presentation from Catherine Edelen.

- Various travel requests were approved, including trips to conferences and meetings in Bowling Green, the state fair in Louisville, band competition trips, a state writing committee meeting, a retreat at Barren River State Park, a new educator's training in Richmond, training in Somerset, Lyons Club Allusion Show, an FFA trip to Pulaski County, a national science teacher's conference in Louisville, a national conference in Tempe, Ariz., and a convention in San Antonio, Texas.

- The Board had first reading of a code of pupil conduct.

- A student teacher contract was approved.

Administrative Reports

- Higdon told Board members that all computer labs at TCHS are being used to the maximum space allowed and the school is in the process of creating more. He said there are 180 students involved in the Stars program.

- Taylor County Virtual Academy Principal Dr. William Mattingly told the Board that Powell and Morgan county officials have contacted him about visiting to learn about the District's virtual school.

- Taylor County Middle School Principal Tony Jewell said his school's year is off to a great start. He said the middle school has 628 students enrolled this year compared to last year's 598.

- Taylor County Elementary School Interim Principal Donna Williams showed Board members photos of students using iPads in a math class. She said there are 1,109 students at TCES, and the school year got off to a great start.

- Instructional Supervisor Troy Benningfield told the Board that Campbellsville University students are excited to student teach at Taylor County schools.

Taylor County's ballot for the General Election in November is now set and will be printed in a few weeks. Taylor County Clerk Mark Carney, at left, and Deputy Clerk Rhonda Taylor draw ballot positions for the local nonpartisan races. Carney and Taylor drew a number and then a candidate's name to make a double blind drawing. All of the state's clerk's offices drew their ballot positions Tuesday afternoon. In partisan races, the Republican candidate will appear on the ballot first, according to Carney, because former presidential candidate John McCain carried Kentucky's overall votes in the last General Election presidential race.

Police: Investigating two recent deaths

ducted at another lab. Results from those tests, he said, could take from six to eight weeks.

TRH staff members notified law enforcement of the death after they found evidence that concerned them, Hazlette said.

As test results haven't come back yet, the infant's cause of death hasn't been ruled an accident, a homicide or from natural causes. Hazlette said his officers are still investigating the death.

Hazlette said he isn't sure if the infant's family, which moved to Campbellsville recently from Casey County, has had a funeral for their child. The name of the infant hasn't been released, he said.

Campbellsville Police Detective David Tucker is investigating.

The Campbellsville woman who died on July 31 died of a prescription drug overdose, according to Hazlette.

According to a Campbellsville Police news release, officers responded to 103 Layton Drive after receiving a report of an unresponsive person.

Campbellsville/Taylor County EMS personnel went to the home and found the female occupant,

Donna F. Marples, 48, unresponsive.

Taylor County Coroner Terry Dabney was notified and pronounced Marples dead.

According to the release, no evidence at the scene indicated that Marples' death was because of foul play.

Last week, Hazlette said testing revealed that prescription drugs were found in Marples' system. He said his officers found nothing indicating any illegal activity had taken place at Marples' home, and he considers the case closed.

Dabney said Marples took too many prescription medications.

Tucker and Campbellsville Police Officer Bart Gilpin investigated.

Robbery Investigation

A man is still on the run after he robbed Arby's on July 22.

Arby's Restaurant in Lake View Shopping Center was robbed after a man confronted two female employees as they were walking out of the restaurant.

Hazlette said the women counted the night's receipts and placed the

money inside a bag to take to a night deposit. The man assaulted the two women, Hazlette said, and ran away with the money.

Police officers drove around the area in search of the perpetrator, but were unable to locate him.

Campbellsville Police Officers Bryan Simpson, Scotty Perian and Brian Morgan are continuing the investigation into the robbery.

Hazlette said the investigation into the infant's death is also continuing.

"We're working them to see what we can come up with," he said.

Anyone with information about the death investigation, robbery or any other crime is asked to call the Campbellsville Police Department at 465-4122 or, to remain anonymous, the community tip line at 469-PRIDE.

Dooley: To step down

Fire Chief

Young said 11 candidates were interviewed last Tuesday for the fire chief position at Campbellsville Fire & Rescue. Some were internal applicants, he said.

Allen "A.J." Johnson, who has been chief for 18 years, announced last month that he will retire.

Young said a second round of six interviews for Johnson's replacement could be this week or the next. There could be a final round of interviews before

Young presents a candidate to the Campbellsville City Council for hiring. He said a new chief could be in place the first or second week of September. A special Council meeting could be called for the hiring.

A luncheon retirement reception for Dooley and Johnson is planned for Tuesday, Aug. 28, at noon at Campbellsville/Taylor County EMS. City employees and family members are invited to attend.
